

Liberal Democrats - on your side in Warrington

Do you trust Labour to run your town again?

Labour let down the country and they let down Warrington when they ran the council. Now, with Lib Dem leadership, Warrington is becoming one of the most successful towns in the North West. Don't let Labour take us back to the bad old days.

Take a look at some facts

When Labour ran the Council

What Lib Dems have done

Crime	They voted out proposals for PCSOs and alcohol restrictions, and allowed licensed premises to dominate the town centre.	Took positive action to cut town centre disorder. Extra PCSOs, and alcohol free zones, Tightened up on licensing.
Efficiency	Left a back-log of waste and muddle at the Town Hall. Councillors enjoyed trips abroad, free alcohol and 1st class travel.	Saved £30m millions by improving efficiency. Cut out all but essential trips. Stopped free alcohol and 1st class travel.
Housing	Refused for over a decade to set up GGH as a Housing Association though they knew tenants would benefit.	GGH Trust set up with strong tenant support, allowing an extra £500m to be spent on tenants homes & environment.
Finance	Lost money through poor deals and contracts - skittles from USA; Hatters Row costs, New Town land transfer.	Brought investment to the town, delays ended over Omega, Orford Park funded, money for new affordable housing.
The Town	Couldn't take decisions. Let historic buildings and parks fall into disrepair; the town had shameful recycling rates.	Parks revitalised; Parr Hall updated; town centre regeneration planned; blue bins introduced; 43% of waste recycled.
Fair pay	In spite of warnings put off negotiations with the Unions to bring in equal pay which was made law in <u>1977</u> .	Worked with the Unions to sort out pay scales, bring in fair pay and recompense workers under-paid for years.
Council Tax	Allowed Council Tax to rise year on year. Average rise under Labour from 2003- 2006 was	Made the council more efficient instead of putting up council tax. 2007-2011 under Lib Dems average rise was 3%
